This stunning quilt looks incredibly complex but is easy and fun to piece! If you enjoy unexpected surprises, you will *love* this design. No matter what fabric prints you use, the finished blocks will look different than what might expect. In class, I'll share dozens of helpful hints and tricks so you can make these blocks with absolute ease. The best part is there are almost no points to match!

## For each Chain Saw block you need:

- 1 – 10" x 10" square PLUS 1 – 2½" x 10" matching rectangle
- To make the large quilt, you need 36 of the above

## You can use:

- 36 fat quarters (or 18; each fat quarter will make two blocks)

**OR**

- 1 Layer Cake *plus* 1 matching Jelly Roll (you will only use a 2½" x 10" rectangle from each of matching Jelly Roll strips)

**OR**

- 2 matching Layer Cakes (you will only use 1¼ Layer Cake packs)

**OR**

- Select fabrics from your own stash: bring 36 – 10" x 10" squares *plus* 36 matching 2½" x 10" strips

- 3 yards background fabric; cut into 36 - 10" x 10" squares
- Precision Precuts Ruler by Kimberly Einmo (*required – rulers may be purchased at [www.kimberlyeinmo.com](http://www.kimberlyeinmo.com) or will be for sale at the beginning of class in the classroom.*)
- 45 mm (or larger) rotary cutter (with a new blade)
- Rotary mat
- 50 wt. cotton thread in a neutral color to match your background fabric
- Basic Sewing Supplies such as sewing scissors, straight pins, general sewing supplies, seam ripper
- Bring anything you might need to make your classroom experience more efficient, stress-free, and enjoyable! (*Think: a pillow to sit on for better height at the machine, an extra light, extension cord, magnifying or reading glasses, something to drink in a cup with a spill proof lid, chocolate... and most importantly, a sense of fun!*)
